

## Summer School 2021

WGHS received £27,121.44 of funding for our 2021 Summer School. Of this £23,241.52 was spent on staffing, £3,612.55 on catering and £267.37 on other non-recoverable items such as stationery and prizes.

Students took part in a variety of activities including English, Maths, Science, MFL, History and Computing catch-up sessions as well as some PE, orienteering, enterprise and wellbeing activities. Students particularly enjoyed the treasure hunt and scavenger hunt that allowed them to explore the whole school grounds.

150 students signed up to attend at least one day. It was a great way for them to get to know their new teachers, school building and make some lifelong friends.
